Following course commencement, College of Dermal Therapies may require payment of additional fees in advance from the student but only such that at any given time, the total amount required to be paid which is attributable to tuition or other services yet to be delivered to the student does not exceed \$1,500.

\$350 of the paid fees is an administration, non-refundable fee.

In the event that a participant cancels or withdraws 21 days prior to commencement any fee over the \$350 will be refunded. (This policy is enforced because cancelling at this point disadvantages the RTO by preventing a place being offered to another applicant).

Partial or full refunds will be considered less than 21 days from the commencement of the course only under exceptional circumstance such as long-term illness.

Deferment of training may be negotiated where possible.

Once training has commenced in the course, no refund is available to participants who leave before finishing the course unless the participant can provide a medical certificate or show extreme personal hardship.

Should participants wish to finalise incomplete competencies in a future course, the original fee payment can be used as credit towards that course within six months of initial payment. If the credit is not used within the six months, the credit or refund is deemed null and void.

Where a course has been cancelled by the RTO, participants are entitled to a full refund (or pro-rata adjusted refund) or to transfer to another/future course. In this event participants will be given their preferred option.

Students who are assessed as not yet competent and reenrol must pay the full fee for the course.

Reissuing of a certificate or statement of attainment - \$25

No refund is available for individuals who do not attend training on their scheduled course dates or who have commenced their training course and who choose to terminate or leave before their training course is completed unless they can provide a Medical Certificate or show extreme personal hardship or pressing domestic necessity.

In these cases fees may be refunded on a pro rata basis or reduced to cover program or course materials or held in credit for a maximum period of 6 months from the original invoice date, after which time, if unused the credit or refund is deemed null and void.

The Director reserves the right to make discretionary decisions regarding conditions of refunds if necessary.
